

Sample Policy

Thank you for your interest in our all natural Australian made products.

We are asked to provide samples daily. If we sent out samples to everyone who asked for them at no charge it would increase the cost of our products. It is also very hard to qualify genuine buyers and people fishing for free samples via email and the internet.

We believe the below option is fair and has worked well since we implemented this policy.

- We charge for all samples including shipping
- When you place your first order for the same product as the samples, The Trade Republic will provide you with a full credit for the cost of the samples against your new invoice

Please note this is conditional:

- The order value must be greater than the cost of the samples.
- The order must cover the cost to manufacturer the samples.

We have found that in the past 90% of the people we send free samples to never purchase, however 100% of the people who purchase samples become long term customers.

If you have any questions regarding samples, please email us at info@thetraderepublic.com.au

Kind Regards

The team at "The Trade Republic"
